GRIFFITH DECIDES ON TEAM MAKE-UP

ATLANTA, Ga., March 10.—The first day's regular practice of the Highlanders has shown such surprising results that Manager Griffith has announced that he had practically decided upon the make-up of the team for the season. Unless accidents happen in the meantime, Niles, the former St. Louis player, will be the first man to bat for the Yankees on the Hill Top when the season opens on April 14th. Keeler will be the second, and Stahl, Elberfeld, Chase, Hemphill and Conroy will follow in the order named. These men were at the ball park on the first day's practice in their regular positions and monopolized the diamond both in the morning and afternoon.

Second-basemen Niles arrived at 2 A. M. and snatched a few hours' sleep and by 10 o'clock was giving exhibitions of speedy fielding that is seldom seen in August.

Orth, Hogg, Chesbro and Griff, who have seen service at Hot Springs this season, took turns in the box pitching to the fielders. All of them showed speed.

Young Sweeney did the morning's back-stopping, while Kiehnoff officiated in the afternoon. The former Atlanta boy handled himself nicely, and will probably get a regular assignment on the team if he can hit. The squad of recruit battery youngsters will be given a chance to do real work to-day, taking turns pitching to the regulars.

TO PLAY IN CAROLINA.

Two Lynchburg Players Signed by the Winston-Salem Team.

[Special to The Times-Dispatch.]
LYNCHBURG, Va., March 10.—Leo Accorini and William Dunbar, well-known local ball players, have signed to play with Winston-Salem, in the Carolina Association. Victor Accorini, who is under reserve to Meridian, of the Connecticut League, will do the backstop work for this team if he can secure his release by purchase. He has thus far refused to sign the contract tendered him by the Meridian team, which succeeds Norwich in the Nutmeg League. V. Accorini played first-base for the Norwich team two seasons, being regarded as one of the best men in the league. He recently asked for his release, in the hope of managing Danville, but his request was refused then.

EASTERN CAROLINA TEAM.

Organization Effected with Six Clubs.

[Special to The Times-Dispatch.]
WILSON, N. C., March 10.—The Eastern Carolina Baseball League was organized here this afternoon, composed of Raleigh, Wilmington, Rocky Mount, Goldsboro, Kinston and Wilson. T. M. Washington, of Wilson, was elected president and C. H. Gattis, of Raleigh, secretary.

A schedule of sixty games for each club was adopted, play beginning about June 1st. An advisory committee was named to fix opening dates and salary limits. The committee is given power to make it an eight club league. Three other Eastern Carolina cities are clamoring for admission, and Newbern and Greenville are likely to be added.

The question of whether the league shall join the National Association or shall be run as an outland organization has not been decided.

PARALYSIS FROM DANCING.

Miss Mary Ashe the Victim of a Rare Form of the Disease.

NEW YORK, March 10.—Her illness attributed to excessive dancing, the condition of Miss Mary Ashe, of No. 1025 Bushwick Avenue, Williamsburg, has baffled the doctors in the Eastern District Hospital for two days.

On Saturday evening Miss Ashe was returning from a dance, when on reaching North Eighth Street and Driggs Avenue she became hysterical and dropped unconscious to the street. When an ambulance arrived the surgeon seemed unable to diagnose the case, and hurried the young woman to the hospital.

So rare did the symptoms appear to the doctors that the entire visiting staff of the hospital were called in. After a consultation it was decided she was suffering from a form of paralysis known professionally as paraplegia.

The only reason for the attack that is advanced by the physicians who have attended Miss Ashe is that she has been too devoted to dancing, and that the constant exercise upon certain muscles has resulted in her becoming paralyzed.

EXPECT NAVY IN NEXT REGATTA

PHILADELPHIA, Pa., March 10.—The fact that Annapolis will not have a crew in the intercollegiate regatta at Poughkeepsie this year is one of the reasons for the belief that the Middies will be numbered among the competitors at the sixth annual regatta of the American Rowing Association, to be held on the Schuylkill River May 22d. Several members of the board of stewards are working out the plan to bring the sailors here, and to make the way comparatively easy for competition. Although they were denied permission to compete at Poughkeepsie, because of the long absence this would necessitate from the academy, they will not encounter the same objection here, since the crew would not be obliged to come up earlier than the day before the races.

As the Navy has tried its hardest to secure races on the Severn with practically every college which rows at Poughkeepsie, and has only succeeded in getting a match with Columbia, it is thought that they will be quite willing to come up for this race. They will meet not only nearly all the Poughkeepsie crews, but eight from Harvard and Yale.

The Middies will be urged to bring up two crews, their first, or varsity, for one of the special events, and their second crew for the junior college event. In case the Middies are handicapped by financial difficulties, it is practically assured that the means for their trip will be provided from outside sources.

The proposition to arrange a dual race between West Point and Annapolis as one of the features of this regatta cannot be accomplished this year, because West Point has no crew, but the soldiers have received an offer from wealthy rowing enthusiasts of New York and Philadelphia to equip them with a boat-house and boats when they are ready to start rowing. Although this offer has been accepted, to date there is every reason for the stewards of the A. R. A. to believe that it will be accepted within a year or two, and that the two academies will make this city the neutral point for the settlement of their aquatic as well as their grilling rivalry.

It is announced that Columbia University's rowing authorities have given positive assurance that they will have a junior eight for the regatta, but the time they have ever been represented.

Eminent Specialist on Tuberculosis to Address Physicians.

Before the Richmond Academy of Medicine and Surgery last night Dr. Clifton M. Miller read a paper on "Brain Lesions Secondary to Diseases of the Eye, Ear and Nose." Dr. J. A. Kuyk, on "An Improved Operation for Mastoid Disease." The papers were "discussed by Dr. J. S. Horry and Beverly R. Tucker.

At its first meeting in April the academy will address Dr. Carl Von Ruck, of Asheville, an eminent specialist on tuberculosis. An effort will be made to have attendance at this lecture by only members of the academy, but others of the profession in the city and the students of the medical school are invited to attend. The lecture has not yet been settled upon, but it is probable that it will be in one of the medical colleges.

Dr. Thomas R. Marshall and Leslie D. Wiggs, of Richmond; Sidney J. Baker, of Manchester, and a crowded house witnessed the performance. The Arab Patrol of Anna Temple will give their drill on the stage, and a negro boy, who ran up to Policeman Jennings and told him that a man was trying to get his mother to pawn the clothes.
